

Abrar Eyasir

eyasir2047@gmail.com | +880 1798-868789 | LinkedIn | GitHub | Portfolio

Research Interests

Natural Language Processing, Large Language Models, Speech Processing, and Generative AI

Education

University of Dhaka

Master of Science in Computer Science and Engineering

Sept 2026 – Present

Dhaka, Bangladesh

University of Dhaka

Bachelor of Science in Computer Science and Engineering

Jan 2022 – May 2026

Dhaka, Bangladesh

- CGPA: 3.85/4.00 (top 10% of the year)

Notre Dame College

Higher Secondary Certificate(HSC), Science

July 2018 – Oct 2021

Dhaka, Bangladesh

- Scholarship from Dhaka Board

Experience

Technical Trainee

National Institute of Advanced Industrial Science and Technology (AIST)

July 2026 – Present

Remote (Japan)

Supervisor: Dr. Rumana Ferdous Munne

Conducting research on emotion understanding in large language models, particularly appraisal-based emotion reasoning and emotion-aware text generation.

Research Fellow

Arbitrary Research Institute (ARIBD)

July 2026 – Present

Remote (Bangladesh)

Supervisor: Md Fahim

Evaluating LLM reasoning, hallucination, safety, and language performance on Bangla vs. English dental queries.

Research Assistant

University of Dhaka

March 2025 – Feb 2026

Dhaka, Bangladesh

Supervisor: Dr. Muhammad Ibrahim

Built NCTB-QA, an 87,805-pair Bangla educational QA benchmark with adversarial unanswerable questions, and fine-tuned Qwen2.5-7B using QLoRA with chain-of-thought prompting.

Student Researcher

SISTER Program, Dubai Computer Science Society

Jul 2026 – Aug 2026

Remote

Built a 160-task creative-writing benchmark to study multi-turn instruction degradation in LLMs, evaluating six models with automated LLM-as-a-judge scoring and human validation.

Section Leader

Code in Place, Stanford University

Apr 2026 – May 2026

Remote

Delivered weekly interactive Python sessions to a cohort of 10 students.

Publications & Preprints

1. Anshuman Singh, **Abrar Eyasir**, Haseeb Yaqoob, John Manavalan. "The Effects of Incremental Instruction Delivery on Language-Model Creative Writing", in **New in ML Workshop, NeurIPS 2026**, December 2026. **Accepted**. [arXiv]
2. **Abrar Eyasir**, Tahsin Ahmed, Muhammad Ibrahim. "NCTB-QA: A Large-Scale Bangla Educational Question Answering Dataset and Benchmarking Performance" [arXiv] [Dataset]
3. Tashreef Muhammad, Tahsin Ahmed, Meherun Farzana, Md. Mahmudul Hasan, **Abrar Eyasir**, et al. "A Benchmark of Classical and Deep Learning Models for Agricultural Commodity Price Forecasting on a Novel Bangladeshi Market Price Dataset" [arXiv]

Selected Projects

ZeroBin – AI-Driven Waste Management Platform [GitHub] [Deck] [Video]

Sep – Dec 2025

Champion – Solvio AI Hackathon (650 teams)

- Engineered a multimodal retrieval-and-verification pipeline integrating vision-language understanding (Gemini Vision), AI-image detection, and reverse image search for fraud detection
- Deployed a production RAG assistant with real-time web search and read-only DB access; integrated LightGBM and LSTM for forecasting, with sentiment-based cross-referencing of citizen complaints

Flash – Fastest Way to Learn [GitHub] [Video] [Slide]

Oct 2024 – Jan 2025

- Built a course recommendation system using cosine similarity and TF-IDF vectorisation; designed a full information-retrieval pipeline from raw course content to ranked recommendations.

SynthLearn – A Next-Gen Interactive Science Learning [GitHub] [Video] [Slide]

May 2025

- Built SciBot, a Bangla-language multimodal chatbot combining text and speech (Google Cloud TTS) with persistent, retrievable memory of chat history across sessions

Fellowships & Academic Programs

NUS Young Fellowship Programme 2026 – Selected, National University of Singapore
International Summer School 2025 – Energy Data Analytics, IIT Bombay

2026
Jun–Jul 2025

Scholarships and Awards

- **Solvio AI Hackathon:** Champion for the project ZeroBin (650 teams)
- **VisionX AI-Powered Project Showcasing:** Top 20
- **HacktheAI Hackathon SmythOS:** 7th place
- **Innovative Hackathon, BUBT:** 7th place
- **S. N. Bose National IT Hackathon:** Top 10
- **Hackathon CSE Carnival, SUST :** Top 10
- **11th Bangladesh Chemistry Olympiad:** 5th place
- **Talent pool Scholarship SSC Exam:** 3rd Position, Narayanganj District

Skills

Programming: Python, PyTorch, C/C++, Java, SQL, NumPy, Pandas, Scikit-learn

ML/AI: NLP, LLMs, Deep Learning, RAG, Computer Vision

Development: LangChain, FastAPI, Streamlit, Git, Docker, Vercel

Soft Skills: Communication (fluent in English and Bangla), leadership, public speaking, teamwork
